

Haridevpur Vivekananda Sishu Seva Pratisthan NGO Meetup Summary & Roadmap Ahead

Together We Serve. Together We Grow.

Gratitude & Recognition

Our Inner Active Circle of Teachers

We begin with deep gratitude for our teachers—the heart of our mission. Their dedication, consistency, and selfless service continue to shape young lives at the grassroots level.

Through countless hours of patient teaching, creative lesson planning, and genuine care, they are building not just skills, but confidence, hope, and opportunity in every child they touch.

Growing Volunteer Community

Expanding Numbers

Our volunteer base is growing steadily, bringing fresh energy and perspectives to our work across communities.

Diverse Passion

From students to working professionals, people from all walks of life are joining our shared purpose of service.

Operational Backbone

Volunteer energy has become the foundation of our operations, enabling us to reach more children and communities than ever before.

In the center, a tall bookshelf is filled with colorful books. To the right, a wooden table holds two tablets and a 3D printer. In the background, a whiteboard and a building icon are visible. The entire scene is rendered in a dark, muted color palette with white text.

Financial Support for Immediate Needs Strengthening Our Centres

Several of our centres face urgent resource requirements—from learning materials to infrastructure repairs. Timely financial assistance ensures we can maintain quality education and safe learning environments.

We remain committed to transparency in fund allocation, ensuring every rupee reaches where it's needed most. Sustainable support today builds stronger communities tomorrow.

Expanding Spiritual Activities

Education extends beyond textbooks. We're increasing our focus on spiritual and values-based activities that nurture inner growth, mindfulness, and emotional well-being.

Inner Growth

Regular meditation and reflection sessions help children develop self-awareness and emotional intelligence.

Values Education

Teaching compassion, integrity, and respect through stories, activities, and real-life examples.

Emotional Well-being

Creating safe spaces for children to express feelings, build resilience, and find inner peace.

Future Expansion – Kolkata Centre

A New Chapter Begins

We're excited to announce our plans to establish a centre in Kolkata—a major step in expanding our reach across West Bengal. This vision represents months of careful planning and community consultation.

The Kolkata centre will serve as a hub for education, volunteer training, and community development, bringing our mission to thousands of new children and families in the region.

Identity & Recognition for Volunteers

Building Belonging

Every volunteer deserves recognition for their contribution. We're launching official Volunteer ID Cards and Participation Certificates to honor commitment and create a sense of belonging.

These aren't just documents—they're symbols of pride, accountability, and membership in a movement that's changing lives. Each ID card represents a promise to serve with dedication and integrity.

Rural Outreach – Bankura & Purulia

The children in remote villages of Bankura and Purulia deserve the same opportunities as those in urban centres. We're significantly increasing our activities in these underserved regions.

Annual Volunteer Village Tour

This yearly tour transforms volunteers from observers to active participants in rural transformation.

Experience. Serve. Transform.

Every year, all volunteers will have the opportunity to visit our partner villages together. This isn't just a tour—it's a transformative experience that deepens understanding of ground realities and strengthens our collective purpose.

Volunteers will engage directly with communities, participate in teaching activities, understand local challenges, and build lasting bonds with fellow changemakers. These journeys create memories and motivations that last a lifetime.
